- Plan benefits provided before you need to meet the medical deductible.
- 1 Member is responsible for fixed-dollar or percentage copayment or coinsurance in addition to any charges above allowable amounts. The coinsurance/copayment percentage indicated is a percentage of the allowable amounts. Preferred providers accept Blue Shield allowable amounts as payment-in-full for covered services. Non-preferred providers can charge more than these amounts. When members use non-preferred providers, they must pay the applicable copayment percentage of the allowable amount or coinsurance plus any charges that exceed Blue Shield's allowable amount. Charges above the allowable amount do not count toward the plan deductible or copayment/coinsurance maximum.
  - 2 These copayments do not count toward the copayment/coinsurance maximum, and will continue to be charged once it is reached.
  - 3 For non-emergency hospital services and supplies received from a non-preferred hospital, Blue Shield's payment is limited to \$250 per day. Members are responsible for all charges that exceed \$250 per day.
  - 4 Participating ambulatory surgery centers may not be available in all areas. Regardless of their availability, you can obtain outpatient surgery services from a hospital, or an ambulatory surgery center affiliated with a hospital with payment according to your health plan's hospital services benefits.
  - 5 Bariatric surgery is covered when pre-authorized by Blue Shield. However, for members residing in Imperial, Kern, Los Angeles, Orange, Riverside, San Bernardino, San Diego, Santa Barbara, and Ventura counties ("designated counties"), bariatric surgery services are covered only when performed at designated contracting bariatric surgery facilities and by designated contracting surgeons; coverage is not available for bariatric services from any other preferred provider, and there is no coverage for bariatric services from non-preferred providers. In addition, if prior authorized by Blue Shield, a member in a designated county who is required to travel more than 50 miles to a designated bariatric surgery facility will be eligible for limited reimbursement for specified travel expenses for the member and one companion. Refer to the EOC/Policy for further benefit details.
  - 6 If a member requests a brand-name drug, or the physician indicates "dispense as written" (DAW) for a prescription when an equivalent generic drug is available, and the brand-name drug deductible has been satisfied, the member pays the generic copayment plus the cost difference between the brand and generic drug. The \$150/\$300 max/prescription for non-formulary brand-name drugs does not apply to Blue Shield Life PPO Plan 2000 or 1500. Prescription coverage differs for home self-injectables. Please review the EOC/Policy before you purchase the plan.
  - 7 All covered orthotic equipment and services have a benefit maximum of \$1,000 per member per calendar year, except those services covered under the diabetes care benefit. All covered prostheses and durable medical equipment have a benefit maximum of \$2,000 per member per calendar year.
  - 8 Blue Shield has contracted with a specialized healthcare service plan to act as our mental health services administrator (MHSA). The MHSA provides mental health and chemical dependency services, other than inpatient services for medical acute detoxification, through a separate network of MHSA participating providers. Inpatient medical acute detoxification is a medical benefit provided by Blue Shield preferred or non-preferred (not MHSA) providers.
  - 9 For MHSA participating providers, the initial visit is treated as if the condition were a severe mental illness or serious emotional disturbance of a child. For MHSA non-participating providers, the initial visit is treated as an MHSA participating provider.
